

Dear hiring manager

I am contacting you to express my interest in the Developer Intern role at Ericson, after reviewing carefully I found myself suitable for this position, I have been learning programming for more than 1.5 years and have 4 months of experience as a frontend developer in ensoIT company where we built small to medium projects(such as "<https://ensoit.hu/>" -website of the company which we built from scratch) and I was responsible for building frontend part of the projects and making them responsive I have built e-commerce website where you can make actual payment by using stripe so I have experience in E-commerce as well, i have practical proven experience in HTML5,CSS3 javaScript, Reactjs,Redux,

My projects :

such as:

HTML5,CSS3 - <https://sprightly-empanada-00a52e.netlify.app/>

JavaScript project - <https://festive-bardeen-fe77fc.netlify.app/>

Reactjs and Redux project - <https://e-commerce-7c555.firebaseio.com/>
